

1. Make certain you have updated your mobile phone number and e-mail address with Primary Care Medical Center.
2. You will receive a text message or e-mail from your provider instructing you to click on a link to register for your virtual visit.
- The e-mail or text you will receive will look like the link below:

3. Once you have clicked on the hyperlink, you will be redirected to the Doxy.me web page.
- Please note you will need to make certain you utilize the safari or google chrome app when utilizing the Doxy.me web page.
- You will also need to make certain you have your camera and microphone turned on "allow" within your device (should you be using a mobile device). Please go to settings—safari—camera (allow)-----microphone (allow).
4. Once on Doxy.me you will see the below window:

5. Please enter your name in the appropriate box and click "check in".
6. You will then be checked into your providers virtual waiting room.
7. You will be alerted once connected with your provider for your virtual visit.
